Academy**

Mission Statement

To provide quality education guided by the Qur'an and the teachings, of the prophet Muhammad (S.A.W) using skilled manpower coupled with utmost scientific and technological advancement.

Our Vision

Developing Muslim children into erudite scholars grounded in all spheres of knowledge and capable of leading the world in the light of the Qur'an and teachings of the prophet Muhammad (S.A.W).

building great minds... nurturing good character...

Our History and Ethos

A time marked the beginning of a creative, social, and emotional development centre, that is characterized by a lifelong love for learning in an Islamic environment.

I-Scholars International Academy is an educational institution with a humble beginning. It Started with a few Scholars and by Allah's will, it has become a citadel of learning.

Our School was founded in the year 2006 to provide students with excellent academic programs in a nurturing Islamic environment with close student-teacher relationship that prepares students to succeed emotionally, intellectually and academically.

I-Scholars International Academy is one of the foremost faith-based school first established in Federal Capital Territory, Abuja. Our educational system is practical-based and we place importance to Islamic ethics, while not overlooking international standards and best practices that are ultimately geared towards our scholars pursuing a career in life without losing focus of earning the pleasure of Allah.

Every day is seen as an opportunity to move closer to the noble dream. We sought to provide qualitative education at all levels to meet the peculiar demand of Muslims yearning patiently for a glorious consistent change.

Our co-education school has boarding facilities for both genders. It is our dream that in the near future I-Scholars International University would be a reality, Insah Allah.

Our Admission Policy

Admission Policy is the criteria for compliance to secure admission into the school.

Children are admitted into our Nursery (English) or Darul-Huda (Arabic) and Primary classes after their capability assessment to ensure their placement. A child must be age appropriate to be eligible for admission. (age/class grouping can be obtained from the school's admin)

Parents/guardians can obtain admission forms or via our website. Upon submission of the form, a placement assessment is carried out to determine the class to place the prospective scholar. If successful, candidates seeking admission into Nursery, Darul-huda and Primary School classes are granted admission, while secondary school candidates would be invited with their parents/guardians for an interview before admission can be granted.

If Successful, candidates would be given a letter of admission along with their respective bill. Upon confirmation of schools fees payment, the parents and scholars handbook would be given along with other required forms (Transportation, Hostel, Lunch).

Visit to Classes and Hostels for parents and prospective scholars can be arranged on request.
